Questions from the Floor

The Future for the AFT

This has not been a good year for the AFT with membership and website problems. However, contact has been made with club representative again and the website will be up and running week commencing 18 December 2017. The year ahead will be of great importance and it is hoped that with the new incumbents' elected to the Board this will help re-energise the membership.

Vision from new Supporters Lounges

It was understood at the Fans Forum that the view from Supporters Lounges would be superb, overlooking Cenrtral Park, the City/Plymouth Sound and beyond. However, it is also thought that the building of the Ice Rink may obscure that view.

Ed Shillabeer

The Chairman thanked Ed Shillabeer for his unstinting assistance to the AFT over many years and wished him well for the future.

The Meeting was closed by the Chairman at 1850
